

Mosiah 4:26

Providing for ourselves and others
is evidence that we are disciples of
the Lord Jesus Christ.

GARDEN SEEDS

BLESSING VARIETY

FAMILY SEED COMPANY

We become self-reliant as we:

- ✂ learn to love work
- ✂ seek inspiration to find the best ways to provide for ourselves
- ✂ work with family members to meet basic needs.

When we are self-reliant, we use our blessings and resources to prepare for and avoid problems. Self-reliance, however, is enhanced as we pray for the courage to meet with faith the challenges that will surely come.

INSTRUCTIONS:

Print on colored copy paper, then cut out pattern slightly inside the black lines. Carefully crease on fold lines, so the dashed lines don't interfere with the overall presentation. After adhering the bottom and side flap to the back of the packet, fill with jelly beans "seeds", and fold the top flap down. There is no closure for the top flap, so transport carefully to not lose all your sweets!
